Product: Glass Bowl

Date: 14/12/11

Topic: FH9747 Glass Bowl

No. of Pages: 1

## MATERIAL CHANGE: FH9747

**Description:** Replacement bowl for R2132UA (Universal Fuel Assembly)

**Change Description:** Material change from Glass to Plastic

**Availability:** In stock now

Part number FH9747, replacement glass bowl for Universal Fuel Filter Assembly R2132UA, has undergone a material change. Formerly made of glass, the FH9747 was prone to in-transit breakage.

It is now designed in high performance polymer suitable for use with diesel, petrol and pre-mix fuels. Replacement glass style bowls will no longer be stocked. FH9747 is supplied with a drain plug and seal both of which must be used for replacement.
